**DELIGHTFUL SPRING WEATHER.**—Yesterday morning dawned fair and warm—in fact, rather too warm, the rapid rise of the temperature rendering the wearing of winter underclothing extremely uncomfortable and causing overcoats and wraps to be discarded. By noon the temperature soared much of that of June, and the twittering birds and swarming bees only lacked the hum of the insect creation to make the advent of summer seem more real. The streets were thronged with young and old throughout the entire day, and baby carriages with their precious burdens basking in the low sunshine after several months' hibernation, could be seen everywhere. The Marshall Hall steamer was crowded as closely as during the excursion season, while the Washington ferry boats carried large complements of passengers all day. Throughout the day the river was dotted with steam and sail yachts. All day long the wind blew softly from the south, though the clouds scurried from the northwest, which led many to suppose the wind would change to that quarter and cooler weather would follow. But, on the contrary, the temperature remained high all day and last night, rendering sleep difficult and perspiration easy.

**COUNTY COURT.**—Judge D. M. Chickster presiding. The final accounts of J. H. Burke, adm'r. of the estate of Nelson Burke; B. O. Corbett, with estate of F. B. Swann; and of R. S. Corbett with F. E. Corbett, guardian, were filed and approved.

Several liquor licenses were granted.

The special grand jury returned an indictment against Albert Lyles for breaking into a tool house and was discharged.

No indictments were returned against any of those conducting business at Jackson Court, nor was any information filed against them.

Court adjourned for the term.

**BREAKING UP HOUSEKEEPING.**—Harriet Luckett, colored, indicted "vilely" for leaving her father's residence began to take things "topsy turvy" by moving her furniture and throwing household utensils and decorations around house. While thus engaged she tested her lungs by calling for the police or anything else she could think of. This morning she was brought before the Mayor when she denied in toto all the charges brought against her. She was fined \$2.50, and being a patroness of the police court was told that upon a repetition of her conduct she would be sent to the work house.

**THE GREENEYED MONSTER.**—A young man living in the southern section of the city was rendered hellish yesterday by seeing a young lady toward whom he had some predilection in the company of a rival, and lost no time in ventilating himself to the object of his tender regards. An altercation with her escort followed, during which it was alleged the irate youngster drew a knife. This morning the male principals in the affair appeared before Mayor Strauss, where the victim of the greeneyed demon (who denied that he drew a knife but acknowledged that he threatened to smother the lady in the month should be in future seen with another escort) was fined \$3 and costs.

**CHARTER.**—Judge Norton has granted a charter to the New Alexandria Wooden Ware Company, the object of which is to establish and operate a plant for the manufacture of every description of wooden ware. The capital stock is to be not less than \$5,000, divided into shares of \$100 each. The principal office will be in this city with Mr. J. R. Claton as attorney. The officers are L. W. Spear, president; G. E. Shemmon, secretary and treasurer, and Messrs. Geo. H. Harlow, G. C. Vidotto and N. Spates, directors.

**STRUCK AN OFFICER.**—Lewis Harris, a colored boy, in company with several others, while engaged in "picking" eggs on King street Saturday night, became disorderly, and upon being ordered by Officer Beattie to move on, threw an egg which struck Officer Davis, who was close by. Harris was arrested and this morning fined \$2.50.

**NEGROES IN COURT.**—Twelve of the cases tried by Mayor Strauss this morning were of negroes, of both sexes. The greater number had been arraigned for drunken and disorderly conduct. About fifty of the same color had congregated without the bar to witness the proceedings.

**FISH.**—Since Saturday last about 800 shad and 30,000 herring have arrived at Fish-town. Shad sold at \$15.50 per hundred and herring at \$5.67 per thousand. Bunch fish are cheap. Should the present favorable weather continue the catch of fish, it is expected, will be rapidly increased.

**FIRE.**—The alarm of fire about ten o'clock this morning was caused by the explosion of gas in the malt bin of the Porter Brewery. No one was hurt and the damage was trifling. The fire department was quickly on the ground, but did not go into service.

**MOTION FOR BAIL.**—In this city on Friday next Judge Chickster will hear arguments on a motion to admit to bail C. L. Campbell, who is now in the Fairfax jail for the killing of A. J. Hill, colored, at Falls Church, on the 24th ult.

**THE FISHERY.**—The spring-like weather of the past forty-eight hours is bringing the fish, and both gilliers and seinehaulers are indulging in sanguine talk. This morning Messrs. James Wilkins and Samuel Jenkins caught fourteen fine shad in the river opposite the city.

Last April she was taken down with Measles, followed with a dreadful cough and turning into a Fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly, until she was a mere "handful of bones."—Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured.
